For forty-nine years Yancey Schools have stood as a center of learning in our community. Many students have gone out from this school to take their places in colleges, vocations, and jobs. The records of achievement which they have left behind and the measures of success which have come to them, indicate that Yancey High School was and is an institution of learning of which any community might be proud to call its own.

We hope you enjoy this copy of

THE TIGER staff wants to express their appreciation to Mr. W. A. (Butch) Roberson by dedicating this edition of the annual to him. Although he has been with us only a year he has gained the respect of both students and fellow-teachers.

S U P E R I N T E N D E N T ' S M E S S A G E

"Four things a man must learn to do,
If he would make his record true;

To think without confusion clearly,
To love his fellow man sincerely,
To act from honest motives purely,
To trust in God and Heaven securely."

WILLIAM A. MOORE
Y.H.S. Superintendent

P R I N C I P A L , S M E S S A G E

Congratulations! You seniors have traveled a great distance down the road of life and be proud of what each of you have accomplished. You are now departing with a wealth of knowledge and experience. Now a most important decision must be made by each of you.

"Which road shall I take?" must be answered by each one. I hope each of you selects the road of education. Only through education can we perpetuate our American heritage.

Whichever road you choose I hope you achieve the greatest success possible. Again I want to congratulate each of you.
